MANUFACTURED HOME NOTES

- County has a dedicated Manufactured Home ordinance administered by Planning & Zoning (same building); variances and placement questions go through that department.
- Building Inspection covers construction in both unincorporated and incorporated areas of the county.

Georgia: installation must follow the state Rules for Manufactured Homes (O.C.G.A. Title 8-2, Art. 2) using state-licensed installers; an installation permit and insignia are required, and local permits/inspections apply.
