HEALTH DEPARTMENT (SEPTIC & WELL PERMITS)

Department: Florida Department of Health in Duval County

Address: 921 N. Davis St., Building B Suite 350, Jacksonville, FL 32209

Phone: 904-253-1000

Environmental Health (septic/well): 904-253-1280 (EH: 921 N. Davis St., Bldg B Suite 350, Jacksonville)

Website: <https://duval.floridahealth.gov>

Manufactured home requirements:

- Florida septic permits are now a state DEP program, but this county's health department Environmental Health office still takes the applications and issues the permits locally

MANUFACTURED HOME NOTES

- Duval County is consolidated with the City of Jacksonville, so nearly all permitting runs through the city's Building Inspection Division rather than a separate county office
- Permits are searched and submitted online through the JaxEPICS permit portal
- Beach communities (Jacksonville Beach, Atlantic Beach, Neptune Beach) and Baldwin permit separately

Florida: installations follow FS 320 and Rule 15C-1/15C-2 (DHSMV) with licensed installers and installation decals; county building permits, tie-down and wind-zone compliance apply. Coastal counties may require Wind Zone II/III homes.
