HEALTH DEPARTMENT (SEPTIC & WELL PERMITS)

Department: Echols County Health Department (South Health District)

Address: 149 Highway 94 East, Statenville, GA 31648

Phone: 229-559-5103

Website: <https://southhealthdistrict.com>

Manufactured home requirements:

- Georgia rule: septic approval from county Environmental Health comes BEFORE the mobile home move-in permit (GA DPH rule 511-3-1) - call Environmental Health first, especially for a lot with an existing septic system
- Existing septic system evaluation required before relocating a mobile home onto a lot with an existing system (district form)

MANUFACTURED HOME NOTES

- Very small unincorporated county; building inspection is handled by a single county building inspector reached through the commissioners' office (main line 229-559-6538)
- Contact info is sparse online; call ahead to confirm current inspector and mobile home permit requirements

Georgia: installation must follow the state Rules for Manufactured Homes (O.C.G.A. Title 8-2, Art. 2) using state-licensed installers; an installation permit and insignia are required, and local permits/inspections apply.
