Manufactured home requirements:

- Georgia rule: septic approval from county Environmental Health comes BEFORE the mobile home move-in permit (GA DPH rule 511-3-1) - call Environmental Health first, especially for a lot with an existing septic system
- Existing septic system inspection typically required for mobile home relocation; Level 3 soil report required for all septic permits

MANUFACTURED HOME NOTES

- Office publishes a downloadable Mobile Home Permit application and handles building permits, zoning, and code enforcement in one office.
- County also posts its Zoning Ordinance and Flood Prevention Ordinance on the Codes & Ordinances page of the county site.

Georgia: installation must follow the state Rules for Manufactured Homes (O.C.G.A. Title 8-2, Art. 2) using state-licensed installers; an installation permit and insignia are required, and local permits/inspections apply.
